Dear Ms. Davis,

It has recently come to my attention that there is a mock interview for work . I have been interested in working in this field for some time and decided to take up this opportunity. I am interested in working in production.

This position seems right for me because I am very interested in this position. I know that I am qualified to work as a contributing member of your department. I have a keen eye for detail and a critical yet creative mind. I have always had a creativity and a passionate interest in entertainment and video. With my experience in high school leadership, the ability to listen to others and to work well as part of a team is also something that is very important that I value. The service-based activities that I have done during leadership have been inspiring and I wish to continue serving my communities. I have collaborated with many people in service-based jobs as well as gathered experience with technical media. I am a great communicator, fluent in both English and Spanish.

Thank you so much for taking the time to read my letter. I look forward to seeing you in April 2023, at your mock interview and I hope you will take me into consideration if and when filling the position of a new employee. If you need to contact me my personal phone number is (209)253-9121 and my email is briannaalvarez95380@gmail.com.

Sincerely yours,

Brianna Alvarez
